PRIMARY EDUCATION PROJECT

Advices and criteria for arrangement incentive environment for studying

Teacher provides enjoyable, safe, healthy and incentive conditions that instigate the kids in the field of exploring, learning and independence.

1. Teacher needs to arrange safety space for the kids that can be easily monitored.
2. Teacher needs to arrange enjoyable space for kids in which they will fill comfortable, while they participate in lots of different activities
3. Teacher needs to organize the space, by the kids interest so they will be motivate to learn and to develop.
4. Teacher needs to use different materials, appropriate for the kids development, that will be available to kids, and they will stimulate them to learn, research and to play
5. Teacher encourages kids to take active role in the phase of planning, arranging, and maintenance of the classroom.
6. Teacher modifies the space in the classroom, so he can accommodate the needs of specific kids, or group of different kids.
7. Teacher uses the environment of the school, as a source from which kids will learn.

Teacher creates conditions that motivate the sense of belonging to the community for kids. Conditions that give opportunities to participate in organizing rules so the kids will know how they can behave.

1. Every time when it is possible, teacher engages kids in the process of creating the rules in conjunction with their behaviour and participation in schooling.
2. Teacher creates conditions, to have in view the democratic behaviour.
3. Teacher always finds appropriate way to instigate, the independence of kids, and their conveying rules and purposes, which they have to manage on their own.
4. Teacher canalize kids behaviour, having in mind the personality and the development level of every kid

културни иницијативи “Чекор по чекор”

**PRIMARY
EDUCATION PROJECT**

Teacher creates condition for learning where every kid feels comfortable.

1. Teacher creates atmosphere in which every kid will be feeling comfortable, and as a part of that community
2. Teacher manifest respect toward the kids, showing his interest about their feelings, ideas and knowledge.
3. Teacher creates conditions in which every kid will be free to express him self.
4. Teacher creates conditions that inspire the kids to take over the risk about their development and learning.
5. Teacher gives kids opportunity to establish close relationship with him.
